Geyser Electric Washer with side cut away to show cylinder and propeller.

THE new principle by which the Geyser washes clothes ensures that your clothes will come out beautifully clean without the wear and tear caused by the old wash-board method.

Back and forth, again and again, the propeller forces the hot sudsy water through the clothes as they revolve in the tank. They are never out of the water. The action is the same as when clothes are rubbed on the board, but *without the wear.*

Better Results—Less Effort

Once you have done a washing with the Geyser, you'll never go back to the old back-breaking way. You'll get better results and save your strength. In spite of its external small size, the Geyser will do the work of larger washers. It is quiet and easy to run.

You can use the electric wringer in any position and can lift it off when through, using the washer for a flat-top table.

Learn all about this wonderful little labor-saver for women. Call up Pennsylvania 6712 or 6124 and ask for Department M.

Soft as the sheen of pearls,
Shapely as a maiden's arm—

There is nothing daintier in the plentiful wardrobe of Dame Fashion than Futurist garments of Oriental silk. So skilfully are they fashioned, they fit softly, unobtrusively.

If one prefers, she may secure these garments in other textures, sheer and soft—as lingerie batiste, nainsook, crêpe or voile, in flesh or white.

You can buy Futurist at the better department stores and shops in New York City and Brooklyn.

Misses' numbers now available in sizes 8-18.
